

Since 2002, Biomatik has provided worldwide researchers with superior quality and exceptional service. As a leading supplier of life science products and custom services, Biomatik offers industry-leading innovation, quality and customer-satisfaction.

Biomatik offers a broad range of bio-reagents, including biochemicals, enzymes, PCR related products, biokits, culture media, and catalog antibodies. Most of our products are in stock - in fact, over 98% of our orders are filled from stock, so you can expect the shortest turnaround time possible.

Biomatik also provides a comprehensive portfolio of custom services that include custom oligo, gene, peptide, protein and antibody services. We work closely with our partners at the R&D and production levels to provide complete customized solutions to help unveil the mysteries of life sciences.

It is extremely important to us to help our customers save research costs while maintaining high quality standards; in doing so, our customers as well as our organization have benefited. This benefit has resulted in increased competitiveness, growth, and name recognition - the true reward of quality performance. Quality and customer satisfaction is at the core of our operations - we sincerely invite you to join our list of satisfied customers worldwide.

*"Biomatik brings you the finest Life Science Products & Custom Services at highly competitive prices. We are convinced that the products and services we offer will meet and exceed your expectations."*
