Bio-Reagents

A decorative banner at the top of the slide features a light blue background with various molecular models. On the right side, there is a prominent orange and green DNA double helix structure. Other models include clusters of pink, blue, and white spheres connected by thin lines, representing different chemical or biological structures.

Over 470 Bio-Reagents in stock,
including commonly used
bio-chemicals, enzymes, PCR
related products, bio-kits, markers &
ladders, culture media, and more ...

Custom Gene Synthesis

Biomatik offers extensive experience in custom gene synthesis service. We guarantee 100% sequence accuracy with fast turnaround time, starting at just \$0.35/bp and delivered in as little as 6 days.

www.biomatik.com

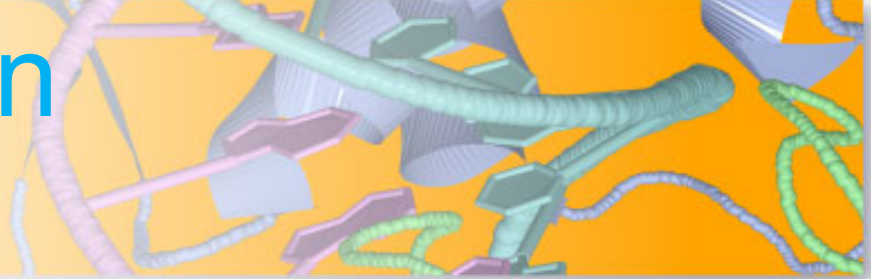

Custom Peptide Synthesis

As a leading research peptide provider, Biomatik offers high quality peptide synthesis services at unbeatable prices, from milligrams to kilograms, from crude to 99+% of purity, along with a wide range of modification services.

www.biomatik.com

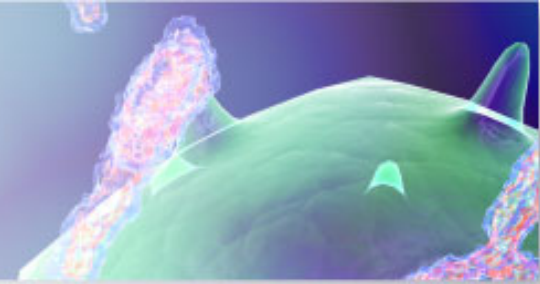

Custom Protein Production

Guaranteed 5mg purified soluble protein starts as little as \$2300.00 or less. We can start your recombinant protein project from anywhere you wish! It can be from de novo gene synthesis, or from customer provided materials (Plasmids or expression strains).

www.biomatik.com

Custom Antibody Production

Biomatik makes quality antibodies from anywhere you wish to start at very affordable prices. From de novo gene synthesis, cDNA, plasmid, expression strain, peptide, protein ... Biomatik will find a route to custom make the antibody you desire! All standard packages come with ELISA guarantee: ELISA >1:32,000 for pAb; ELISA >1:80,000 for mAb.

Customer Testimonials

- *"Over the years, I have used several companies to synthesize peptides for my research. My experience with Biomatik has been top notch. Biomatik offers quality products at competitive prices. In fact, the latest peptide I ordered from them was about half the cost of several competitors. Their customer service personnel are competent and professional, making the process of ordering peptides quick and pain-free. I will continue to use Biomatik for all my peptide synthesis needs."*

- Dr. Webb

Dept. of Cell & Tissue Biology, University of California,
SF, San Francisco, CA 94143, USA
